## "THE NORTHWEST'S FRESHEST ICE CREAM!"

Made fresh all day from our special custard machine, this tasty treat is simply the finest frozen dessert available today. A step up from even the premium ice creams, the recipe uses only high quality ingredients to create a dessert that is smoother, creamier and more flavorful than the traditional alternative. Think of frozen custard as the greatest ice cream you've ever tasted, only better!

Frozen custard first originated on Coney Island as a carnival treat in the early 1920s, and its popularity quickly grew. Across the country today, particularly in Milwaukee, St. Louis, and parts of the East Coast, faithful customers travel great lengths to satisfy their craving for frozen custard.

Now, Old School Frozen Custard brings this gourmet ice cream to the greater Seattle area for the first time!
